To whomever it may concern,

We would thoroughly recommend PCM Logistics for their friendly efficient service.

They provide excellent help and support for our everyday IT needs and also with more complex new areas.

We rely on them for their computer expertise and they respond promptly to our enquiries by phone or email or if needed they are always willing to visit our premises for computer installations or help with more complex matters.

We have been using them for 8 years and are very pleased with their help with all our IT requirements.

Kind Regards

Caroline Leeson
